

Works of Heart

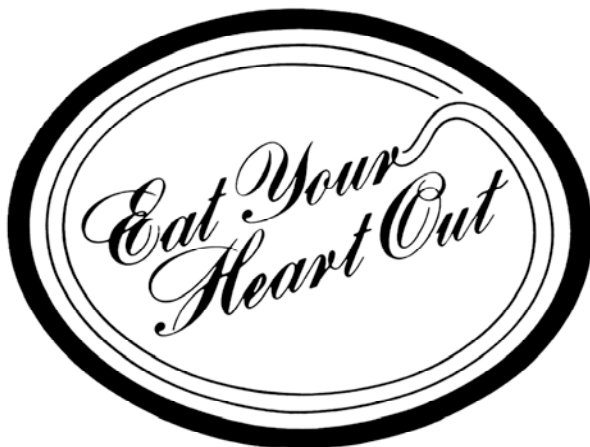

Show off your good taste with our good taste!

Eat Your Heart Out Catering,

established in 1975, has had the pleasure to be hired by some of the finest corporations and private clients in the Pacific Northwest. Our experience includes over 30 years of planning catering events; running the former Eat Your Heart Out Restaurant; designing and packaging a line of herbed vinegars; cooking with such noted chefs as Julia Child, Marcella Hazan, Craig Claiborne, Annie Somerville, Daniel Boulot and Pierre Franey; teaching cooking classes; and appearing on local television and at local events demonstrating and teaching cooking techniques. We would be glad to furnish a client list or letters of recommendation, and we are happy to show you our beautiful "party folio".

Types of Menus and Specialties

Maybe you want to be involved in the menu, or just sit back and be dazzled by choices ranging from Painted Hills Flatiron Steak with Oregon Pinot Noir sauce and caramelized Walla Walla Onions to Columbia River Sturgeon Caviar eclairs with lemon crème fraîche or Dungeness Crab Gougère with dried Oregon Bing Cherries.
